Bringing eSafety into eTwinning projects

General objectives of the group:

- to provide teachers with guidance on the subject concerning keeping pupils eSafe while using digital media in education, especially in the context of carrying out eTwinning projects,
- to develop teachers' skills in scope of preparing their own didactic material regarding eSafety that can be used in their teaching practice,
- to share and exchange knowledge on the topic with other teachers.

Target group:
The group is opened for all eTwinners using social media in education, especially those who are actively engaged in carrying out eTwinning projects.
